

**North Carolina Annual Report
Summary of Actions for Compliance with Approved Recycling Plan**

**Medion AG
October 1, 2011**

Program Year 2010-2011 Summary of Actions:

Medion complied with the approved recycling plan by:

- 1) Providing a toll free number for consumers seeking additional information
- 2) Providing free a mail-back program for consumers

Recycling Plan Details:

Medion's recycling program can be accessed at mediontakeback.aerccr.com. Medion offers a convenient mail-back program to provide free recycling of Medion branded products for consumers in certain states, including North Carolina. The program covers Medion branded desktop and notebook computers, computer monitors and peripherals.

Medion has partnered with AERCCR, Inc. and its Take-Back and Regulatory Compliance management system to offer this program. Consumers can access the webpage at mediontakeback.aerccr.com and enter information about their location and the equipment they intend to recycle. Based on this information, a free shipping label is generated and sent to the consumer, which the consumer can utilize to ship their used Medion product for free recycling. Consumers merely pack the product and ship it using the free shipping label. AERCCR will ensure the products are responsibly recycled.

Medion maintains a toll free telephone number for consumers seeking more recycling information. The toll free number is 1-877-909-5407.
